LEE HANSON, [REDACTED]  
telephone [REDACTED] was interviewed at his residence and  
voluntarily provided the following information:

HANSON received a telephone call at his residence from his son, PETER BURTON HANSON, Date of Birth: 01/24/1969, Place of Birth: Bridgeport, CT. sometime before 9:00 A.M. this morning. His son indicated that the plane on which he was presently a passenger was being hijacked. LEE HANSON asked whether his son was joking but he knew from the serious tone in his voice that he wasn't. PETER HANSON repeated that his plane was being hijacked indicating "I think they've taken over the cockpit...an attendant has been stabbed...and someone else up front may have been killed. The plane is making strange moves. Call United Airlines,...Tell them it's Flight 175, Boston to LA."

LEE HANSON noted that his son was talking in a low tone, but not whispering. He believed his son was calling from his cellular telephone, which number he provided as (617) 921-1006.

LEE HANSON immediately phoned the Easton Police Department and spoke with Captain James Candee. He told Captain Candee about the substance of the call and asked for any assistance Candee could provide.

Within a matter of minutes, LEE HANSON received a second telephone call from his son. He recalled his son saying the following: "It's getting bad, Dad...A stewardess was stabbed...they seem to have knives and mace...They said they have a bomb...It's getting very bad on the plane...passengers are throwing up and getting sick...the plane is making jerky movements...I don't think the pilot is flying the plane...I think we're going down...I think they intend to go to Chicago or someplace and fly into a building."

LEE HANSON said he heard noise of a woman screaming in the background.

PETER HANSON continued, "Don't worry, Dad...if it happens it'll be very fast."

LEE HANSON said the call ended with his son saying "My God, my God..."

LEE HANSON could not say why the call ended abruptly. He did not know whether his son had hung up or whether the phone malfunctioned. He said he resisted the temptation to call his son right back because he did not want to place him in any more serious danger by having his cell phone ring on the plane.

PETER HANSON gave no additional information as to the identity, nationality, physical description, accents, etc. of the hijacker(s).

LEE HANSON took two sheets of notes during the two phone calls and he provided these notes to interviewing agents.

LEE HANSON indicated he could recall no additional information or background noise from the telephone calls other than the aforementioned sound of an unidentified woman screaming.

HANSON described his son as follows:

generation Korean, 5'3" height, 135 pounds, and their daughter and only child, CHRISTINE HANSON, born 02/23/1999. This was their first plane trip as a family and SUE HANSON was taking their daughter CHRISTINE to visit SUE's grandmother for the first time. Both of SUE HANSON's parents are deceased. SUE HANSON is a doctoral candidate in the medical field at Boston University.

LEE HANSON had traveled to Boston on Thursday, 09/06/2001, to visit with his son, daughter-in-law, and granddaughter. They were excited about their upcoming flight and indicated they intended to obtain seating in the bulkhead area behind the first-class seating so they could have more room for CHRISTINE to play. He is not certain where they were seated on the flight.

SUE KIM HANSON wears corrective eyeglasses and an antique wedding ring, like her husband PETER. Her and PETER's ring were the wedding bands of LEE HANSON's parents and had been handed down as gifts. The bands may have inscriptions and may have been cut to size from the original. Furthermore, PETER's ring may have been repaired.

LEE HANSON provided interviewing agents with a color photo portrait of his son's family. A digital color photograph was taken of the portrait by SA Donnelly.

LEE HANSON indicated that after receiving the calls from his son, he turned on the television to see whether the hijacking was being reported. He noted he began watching just in time to see the live footage of the second airliner crashing into the World Trade Center.

LEE HANSON received a telephone call this morning from an individual identifying himself as Special Agent [REDACTED] of the Chicago FBI Office with telephone number [REDACTED] SA [REDACTED] indicated he was calling HANSON because he received his name from United Airlines.

Present during portions of the interview was LEE HANSON's wife, EUNICE HANSON, his daughter [REDACTED] (DOB: [REDACTED]) and her husband [REDACTED]

**Details:**

SEPTEMBER 11, 2001

8:45 AM At approximately 8:45 a.m., SA [REDACTED] received a phone call from Robert Combs, employed by GTE Airfone, 2809 Butterfield Road, Oakbrook, IL. Combs advised he was relaying information from GTE Airfone employee Lisa Jefferson. Jefferson was currently talking to a passenger on United Airlines (UA) Flight 93 which had left Newark, NJ at 8:00 a.m. and was traveling to San Francisco, CA. Passenger identified himself as Todd Beamer from Cranberry, NJ who advised his flight was just hijacked by three Arab individuals, two of whom had knives and one had a bomb strapped on his person. At this time Combs advised the call had been received at GTE Airfones, Oakbrook, IL office via a cell relay near Pittsburgh, PA. At approximately 9:15 a.m. Combs advised he was putting Jefferson on the phone and that a patch of Beamer's phone call to SA [REDACTED] was ready. Instead of patching Beamer's call, a party line call ensued in which Captain John Noon of The New York State Police was currently on the phone with whom he believed was the mother-in-law of UA Flight 93 passenger Jeremy Glick. Connecticut.

TRAIN was not sure exactly what her brother was wearing when he boarded United Flight 175, but stated it would be one of two sets of clothing. The first option would be blue denim jeans, belt, dark green LL Bean short sleeve polo shirt with a collar, or khaki pants and white oxford shirt. This white oxford shirt would have an Andover, Massachusetts, shop label on it. He

was wearing a dark blue Braeburn Golf baseball hat with white letters. He was wearing penny loafer shoes. ROUX always wore an expensive Baume&Mercier watch. He also had a space between his two front teeth.

ROUX had recently closed his business in Portland, Maine, and was going on a few months rest and relaxation (R&R). He was traveling from Los Angeles to Thailand via Thai Air. This was a vacation he had spent many months planning it. He had a round trip ticket, but no return date. He was traveling by himself. He took a limousine from his friend's house in Winchester, Massachusetts, to get to Logan Airport on the morning of September 11, 2001.

TRAIN knew of no threats made toward her brother. ROUX had recently spent one week with his sister, MARY TRAIN, before he was to go on his vacation. His last known phone call was via his cell phone to a woman in Thailand. This call was made prior to getting on the airplane. TRAIN did not believe her brother had made any cell calls from United Airlines Flight 175 while it was in the air.

ROUX had married and divorced two times. His first wife
